

DISCLAIMER

It has come to the notice of the management of Karl Kumm University Vom, Nigeria that a faceless fraudster is using various social media network to induce innocent individuals luring them to provide financial benefits for him to facilitate admission into the university and study Engineering courses for the 2025/2026 academic session.

The public should be informed that the institution is not yet offering Engineering courses therefore, they should not fall prey to this fraudster. In case of any inquiries, guardians and prospective students should visit the website at kku.edu.ng or alternatively call the following numbers.
